

Autumn 2

Class 2 have been extremely excited to begin this term called 'Glorious Greeks'. For our English topic we have read many Greek myths including 'Theseus and The Minotaur' and 'Hercules'. We have taken these stories and written newspaper reports, diary entries and rewritten the myths themselves. In maths we have looked at money and studied its shape, size, and value. We have put our addition and subtraction skills to test by adding values together and finding change. We are now using our TT Rockstars knowledge by working on multiplication and division. This term has relied heavily on history as we have explored Greek Gods and Goddesses, the daily life of Ancient Greeks and the influences Ancient Greece has on our lives today. Class 2 have loved this term so far and have brought in books from home to show their friends alongside artefacts they have found whilst exploring outside
