Research the history of St George's Day. Design a shield for St George using the key symbols for St George's day. You can draw this or make a shield from cardboard and decorate.	It's the Queen's Birthday this week! Do you know how old she is? Can you create a fact file about the Queen or maybe make her a birthday card? 	April 23rd marks the start of the month long celebration of Ramadan. Can you find out as much information as possible about this celebration and present it in any way you wish. Here's a few suggestions: • Poster • Booklet • Leaflet • Powerpoint presentation	Take part in the home pentathalon with your family. The resources and all information is on the class webpage. Enjoy!	Create your own world in a box. It can be any world you like! See https://www.accessart.org.uk/matchboxworlds/ for more information and support on how to complete.
Create your own wordsearch using words from our Roman topic. Challenge a member of your family to complete 	Play battleships with a partner outside. Full details of this activity are on the class page. Thanks to The Youth Sports Trust for their fantastic active at home resources!	Go out for a walk with your family – remembering to keep a safe distance away from others. Whilst you are out walking can you record the different types of trees you see. Use the checklist to help you identify them by their leaves. Present your results in a tally chart or a bar graph.	Now is an ideal 'time' to learn all about......time!! Complete the analogue clock cut and stick activity and display this in your house. Use this throughout your time at home to help you tell the time. Parents ask children regularly to tell you the time. This is an area that needs a little and often approach to support your child.	FAMILY! Design and create a family tree. We may not be able to go and visit other mebers of our family but we can talk to them on the phone, on factime or on skype to gather as much information as possible. There are plenty of templates online if you wish to use one or you could create your own.
